Greetings from the Quant Club, IIT Kharagpur. We hope that you enjoyed the puzzle test. Coming to the next phase of our selection process, you are required to complete a one day challenge.
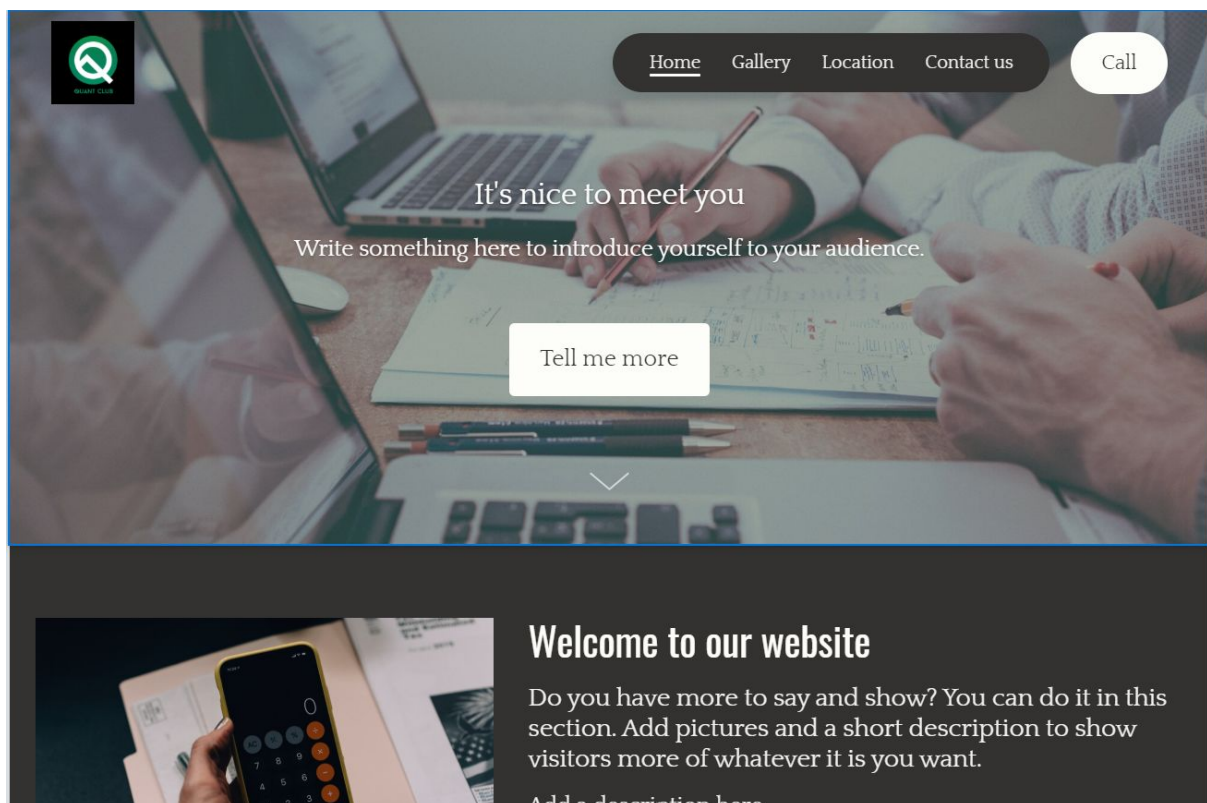

The Challenge:
Prepare a sample home page for Quant club. You are free to use any front-end and backend development languages like HTML, CSS, JavaScript etc. Host the website in Github or anywhere you are comfortable with and submit the link to your task in the mentioned google form link below.

https://forms.gle/B7Ndh9wX1bNpg2b49

For your reference, we are attaching two sample images of what our website should look like. You can refer these in case you are facing any imagination hurdles. Please note that we encourage and foster creativity, these samples are just for reference and not definite.

The Deadline for this task is 12 August, 11:59 PM. Please be sharp as the link will automatically stop accepting responses post this time. We eagerly await your submissions!

(End of Assignment)
